

Clerical Medical Adventurous Pension

Fund objective

To provide long-term capital growth through exposure in shares, bonds, property, alternatives, and cash. At least 80% of the Fund will provide exposure to shares. This may include UK, overseas and emerging market companies. Up to 20% of the Fund may provide exposure to bonds. This will include UK and overseas investment grade corporate and government bonds. It may also include high yield and emerging market bonds. Alternative investment types such as property, absolute return strategies, commodities, private equity, and private debt may represent up to 10% of the Fund. Investment in these assets is through a range of index-tracking and actively managed funds including those considering Environmental, Social and Governance factors. Index-tracking funds aim to match their benchmark return. Actively managed funds aim to outperform the market. The Fund may also utilise derivatives in pursuit of its aims. The Fund's asset class allocations are based on Scottish Widows' medium to long-term outlook. These allocations may be reviewed and updated periodically. The Fund may invest in different assets over time.
